The Legend of the Elden Ring is a fantasy action RPG game developed by Arkane Studios and published by Paradox Interactive. The game officially launched on 17th June 2018 and will be released worldwide. The Legend of the Elden Ring is set in the worlds of Illyria, the Lands Between, and Alma. In Illyria, the Elves lead an idyllic civilization while the Dwarves live in the ancient and subterranean lands of Iron Keep. In the Lands Between, humans live in the human realm and the dead souls that once inhabited the Underworld are kept imprisoned in the Silent Fortresses. Humans and the dead souls of the Underworld coexist peacefully. In Alma, an unknown enemy has appeared, whose purpose is to destroy all races. Elden Ring is a multidimensional game with a total of three major worlds. In each world, you can freely switch between three modes. In the human realm, you can enjoy the expansive living space of a large town. In the human realm, you can also enjoy the exciting combat actions of a large field. In the Underworld, you can undertake quests in the Dungeons of Iron Keep, gain experience and loot rare items. Featuring a unique story, the game also features a full-fledged, cinematic quest with a variety of characters. You can experience a deep and thrilling narrative that is sure to captivate you. Furthermore, the game's aesthetics and charm are as unique as the experience and emotional journey you will be experiencing. FEATURES: THREE MAJOR WORLDS: ▶ The Human Realm: This is the main location where the story plays out. In this world, it is possible to play the story with other players, enjoy a large open space for battles, and establish a common bond with your friends and allies. ▶ The Lands Between: To protect the balance of good and evil, the Elves, Dwarves, and other races within the Lands Between must maintain a strict peace. In this world, you can experience the excitement of a large open space for battles, and gather a party of allies to dive into the action together. ▶ The Underworld: In this world, the dead souls that have died in the human realm take the form of monsters known as Illyrians, who have stolen the power of the Elves. In this world, it is possible to view other players' battles, undertake quests, and gain experience and loot rare items.

Brand New Style of Action RPG: Dash-Board Combat!

The revelation of solos and action RPGs have reached the point where the two worlds cannot be separated. The importance of the combination of RPG and action games is inevitable. One key element [DSW2] is the combination of realtime-action through Dash-Board Combat – the traditional RPG style of action through turn-based combat and RPG features, and this powerful combination of action and RPG is absolutely new.

A Cast of Characteristics Greatly Enhanced to Touch the Heart

Based on Western fantasy stories, our favorite heroes and villains from various past hero anime are brought to life as original, large body characters.

- A PC that runs on a broad spectrum of operating systems including Windows, Mac and Linux
- You can enjoy the game even if you are playing in high resolution set-ups such as 4K ultra HD with the player mounted on a TV and then scaled down to a more comfortable size.
- A game that can be enjoyed even when the audio quality isn't perfect with its voice acting of high quality
- A game that returns to the sincere enjoyment of the story with a large number of unremitting situations that can maintain an elevated difficulty regardless of the circumstances

The Characters Have a High Level of Appeal: The game has characters with a huge level of appeal. The characters are fairly cute, and their personalities are great. The Characters are All Unique: Since there are many different character combinations, the personalities and actions of the characters seem to vary greatly. The Characters are incredibly Unusual: There are a variety of characters in the game. However, it is not unusual for the character to differ from the others in personality or clothes. The Characters Feel Comfortable and Compelling: Many female characters stand out with their gorgeous and inviting bodies. The rest of the characters also have a presence that feels comfortable and smooth. The Characters Are Excellent at Proving Their Worth: Each character has a unique charm and has a high level of strength, which is also reflected in their weapons and items. The Characters' Moves and Interaction Are All Fine: Many characters have cute interactions. All of the player's actions are well-timed and smoothly executed. There Are Cases Where the Player Feels That the Characters' Moves Are Insufficient: The player may feel that there are cases where the character is feeling unbalanced. However, the moves that determine the character's appeal (such as the skill that tells the character's growth) are not given out without a lot of thought. The Missions and Cues Are All Clever: All of the characters have their own moves that are clearly-defined. The player can understand the mission type and the cue even before he or she plays the game. The Missions and Cues are All Nicely Set: Players can easily plan the route of the story in advance through the various events. The Story is Well-Conceived and Intriguing: The player can feel as if they have reached the destination and overcome obstacles. The story has all of the aspects of a traditional anime. There are many scenes that have a sense of reality that feel unfamiliar. The Missions Are All Smart: The character actions are very sharp and on-target. The execution is amazing. The Missions are All Sharp and On-Target: When the player performs the actions, the results feel sharp and flawless. They never fail or hit an obstruction. The Camouflage Ability Is All That it Should Be: The character's camo ability is perfect. The ability is also very bff6bb2d33

With an eye toward creating a unique online experience that allows you to blend seamlessly into the game world, we've decided to host asynchronous online play for AI reasons. In other words, the game doesn't require players to be online at the same time. It's an element that wasn't previously considered a core part of online, but we think it's an important element for online.
