VST plugins provides you with an opportunity to add a variety of musical effects to the sound of your music...Q: Android - My app works in Samsung galaxy S but not in Lenovo. I recently released my first app. I have a galaxy S for testing and my mom has a Lenovo with OS 2.3.3. When she runs my app on her phone, I can see the background image. I can't on my phone. On my phone when I run the app I get this: 12-12 22:17:17.792: E/AndroidRuntime(596): FATAL EXCEPTION: main 12-12 22:17:17.792: E/AndroidRuntime(596): java.lang.RuntimeException: Unable to start activity
ComponentInfo{com.solomon.trial/com.solomon.trial.SplashActivity}: java.lang.NullPointerException My phone is rooted. Any idea why my app would work on one phone but not the other? A: There are two solutions. If you just want the activity to start on the device that has problems: Take a look at this question. If you want to replace the activity's content (this will not work if you want to start the activity twice, but it will work if you want to replace the whole activity with a new one): Take a look at this question. Mr. Nicholson's message to Mr. Corzine and other candidates was that, if they don't reverse the vanguard-to-vanguard move, the jobs will leave and careers will have been wasted, never to return. With the possible exceptions of Boston and Washington, the high-tech industry that has boomed in the Northeast is concentrated in an area that's a few blocks wide and 15 miles long: Route 128, a strip of subprime real estate stretching from the suburbs of Boston to Somerville and Medford in Massachusetts, to the already revitalized waterfront in Providence, R.I., to the sprawling south suburbs of New Haven, Conn., and just west of Boston to Watertown. Route 128 runs from the bay to the foothills of the Berks
