Quake 3 Config Generator

August 13, 2005 â€" "C: \\ Quake III Arena\\Quake3.exe" +set fs_game osp +set dedicated 2 . p.s. I made this cfg with the included ospconfig generator. p.s. I made this cfg using the ospconfig generator included with Quake 3 Arena and couldn't get it to run. I tried different variable names and values â€‹â€‹but nothing helps. I know there

are variables in there that need to be set, so I'm hoping to get some help from someone who knows where they are, or if I'm wrong about what I'm trying to do. I'm new to Quake III Arena so I don't know where to start or what to look for. Thanks to There is one thing missing from your config.
